A splendid lot of oak sideboards, bedroom suits, and secretaries now in stock, also lounges, parlor suits, easy chairs, dining chairs, springs, cots, mattresses and all kinds of staple and fancy goods. Under cover supplied always on hand.

**JNO. BELLAMY.**

## DOMINION DAY.

A DEPLORABLE DEATH MARKS OUR CELEBRATION.

The Cricket Match Sadly and Suddenly Terminated—Scores in Baseball, Football and Shooting Matches.

Monday, July 2nd, which was observed as Dominion Day in Moose Jaw, was, in point of weather, as perfect as could be desired for a holiday, and it would have been one of the utmost enjoyment, had not a most lamentable fatality abruptly terminated one of the matches in progress. The death of Mr. Hammond, a man still in his twenties, in the prime of manhood—stricken down in a moment while assisting in the holiday programme—leaving so suddenly a young widow, and three little children, to whom Dominion Day will henceforth be an anniversary of mourning—this awful calamity quickly changed the day of sport into one of extreme sorrow.

THE CRICKET MATCH opened auspiciously in the morning, Buffalo Lake going to bat. The following composed the teams: Buffalo Lake—G. Tuxford, Watts, McCartney, Brown, Ross, A. Tuxford, Eratt, Randall, Franks, Robbins, Macpherson. Moose Jaw—Green, Marshall, Little, Hammond, Upex, Whitmore, Furness, Sanderson, Crossie, Catford, Watkins. In their innings Buffalo Lake scored 84, G. Tuxford, McCartney, Randall and Watt running into double figures; McCartney topped the score with 32. Moose Jaw had suffered the fall of eight wickets for only 15 runs. Unfortunately Mr. Hammond was apparently the only man capable of making a stand; after the first two wickets went down he went to bat; six runs had fallen and he was still batting when the inevitable bowler, Death, broke the wicket, and poor Hammond had scored his last run on earth.

between Buffalo Lake and Moose Jaw was one of the nearest ball games ever played in the North-West. When it is considered that the majority of the players had not handled a ball this year and some of them not within two years, the small score—7 to 2—becomes a phenomenon. The teams listed in the following order:

MOOSE JAW.	BUFFALO LAKE.
Prosser	W. Scott
Eratt	Boyd
W. Sinington	T. Baile
Healing	J. McCartney
W. Sinington	A. Wood
McMillan	J. Smith
Eratt	J. Eratt
W. Sinington	J. McCartney
Macpherson	G. Tuxford

Scores by innings:

Buffalo Lake 350 & 22-2.

Moose Jaw 210 & 10-1.

The game of both teams was played largely in the points, though when it was required the fielders gave ready and effective assistance. McCartney and Franks, the farmers' battery, showed splendid form. Prosser was in the box for Moose Jaw; he proved that he has not lost his cunning. Calder, behind the bat, gave him excellent support. Mr. Manahan officiated as umpire, and Mr. Sinington did the duties of scorer.

THE FOOTBALL MATCH proved that Buffalo Lake athletes are behind the town boys in none of the mainly sports. Association rules governed. The game was exciting from start to finish, and was witnessed by a large crowd who attention was not detracted even by the hallooing, concert which was given on the outskirts by a detachment of the Salvation Army. The match resulted in a tie, both sides scoring a goal. The following composed the teams:

BUFFALO LAKE.	MOOSE JAW.
Eratt	Boyd
W. Sinington	T. Baile
Healing	J. McCartney
W. Sinington	A. Wood
McMillan	J. Smith
Eratt	J. Eratt
W. Sinington	J. McCartney
Macpherson	G. Tuxford

Referee, Mr. H. Lang.

AT THE THEATRE

An interesting shooting match was held in competition for three medals, one gold and two silver, donated by Messrs. C. W. Milstone, Dr. Turnbull and Jas. Wilson respectively. Mayor Gass won the gold medal with a score of 17 out of a possible 25. Mr. Seymour Green with 10 took second prize, and Messrs. Little and Gass were tied for third place with 13 each. They fired again, Mr. Green being again the best, scoring 19 out of 25. Mr. Little being three times. The latter accordingly won the third medal.

Mr. McAllister, of Brandon, Man. & Co. Winnipeg, gave Tuesday in town.

## The Late Mr. Hammond.

Mr. Jesse W. Hammond was a prominent member of the Moose Jaw cricket club. In the game on Monday in which his career was so swiftly brought to a close, the Buffalo Lake team went to bat first and had been retired. After a short breathing spell play was resumed with Moose Jaw batting. Mr. Hammond was one of the last batsmen for Moose Jaw. He had made the second run on a batted ball and was at the wicket preparing to bat again when he suddenly fell forward. It was supposed he had fainted. Wailing hands tenderly raised him and applied cold water while others started in search of a doctor. Dr. Duncan was the first to arrive. After placing Mr. Hammond in a comfortable position he used every possible means to resuscitate him. Dr. Turnbull arrived shortly and together with Dr. Duncan continued the fight for life, but without avail, as Mr. Hammond never recovered consciousness. In the prime of life, in the height of enjoyment, playing the game he loved, surrounded by club mates and friends, he was pronounced dead.

The news quickly spread through the town. Flags that a short time before were proudly fluttering in the breeze were lowered to half mast and the impromptu programme of the day was forgotten in the profound sorrow caused by the sad event.

The Rev. Mr. Brown conveyed the sad intelligence to Mrs. Hammond, who although knowing Mr. Hammond to be troubled with heart disease, yet was utterly unable to realize that the inevitable had come so soon. Mr. Hammond was 27 years of age. He had been a resident of Moose Jaw for several years. His first work here was done in association with Mr. Geo. Holdsworth, C.P.E. car repairer, and for the past eighteen months he had been engaged in the office of Superintendant.

He was a man of very unassuming manner, of sterling character, and was universally esteemed by his fellow employees and acquaintances. He came originally from England, and before locating in Moose Jaw had farmed in the neighborhood of Broadview. Three little children are left to comfort and cheer the heart of the widow in the dark hour of her pitiable bereavement. Mr. Hammond was an industrious and careful husband; and had not his life been so soon terminated, he without doubt would have left a comfortable residence property, the greater part of the indebtedness for which he had succeeded in wiping out. On account of his unfortunate heart affection, he was unable to secure life insurance. On the afternoon of the death kind friends started a contribution to defray incidental expenses, and in the course of a few hours the fund had swelled to the amount of \$250.00, which will convey tangible proof to Mrs. Hammond that she has a host of sincere sympathizers in her trouble.

On Wednesday morning were performed the burial rites and religious offices indicative of the hope of a blessed resurrection. A very large concourse of friends attended the remains to the Church of St. John the Baptist, where the ceremonies were conducted by Rev. Mr. Brown, rector of the parish, after which all that was mortal of Jesse Hammond was conveyed to its last resting place. The pall bearers were Messrs Geo. Holdsworth, T. E. Bishop, J. Franks, J. Wallace, J. Gregory and R. H. Lowe.

## Picnic at Farewell.

On Friday evening of last week the annual picnic of the Ramsey School was held, which proved entirely successful. Among the attractions was a baseball match between Marlboro' and Fairview, which the former were winners by two runs. A number of horse races added greatly to the excitement and interest.

An excellent programme of vocal and instrumental music was rendered in which the following, among others, actively assisted: Mrs. Davis, Mrs. Bain, Mrs. Astleford, Miss Shaw and Miss McMillan. At the conclusion of the picnic all had reached one irrefutable conclusion, viz, that they had enjoyed themselves in having a really splendid time.

While during the progress of the picnic nothing occurred to mar the pleasure of anyone attending an accident happened to Mr. Wm. Winn, while he was proceeding homeward. Unfortunately Mr. Winn was thrown from his horse and received several, though not dangerous, injuries.

Butter is quoted in British Columbia at 25c, and in Manitoba at 25c.

## REGINA LETTER.

REGINA POLO TEAM WINS A MATCH.

A Compliment Upon Our First Number—Regina Patron Are Pleading—The M. Governor Is Recovering—Tart Club Meeting.

REGINA, July 3.—Your subscribers are more than pleased with the first issue of THE TIMES under the new management. There is an evidence of vitality which is an assurance that it is a pleasure to stay, and while you are not forth in the introductory "advocate the right" fearlessly, support may be depended upon even in the "tender mercies of the people of Moose Jaw," to quote the volitional resignation of our esteemed co-laborer, Mr. Lang.

The bicycle fever is on the increase. At first it was mainly limited to government officials; now it is spreading to grave business men. Lately several ladies have become afflicted, and are enthusiastically indulgent in the exhilarating exercise of the "bike." It is hoped that this section will not revive the divided shift discussion which agitated other centres some time ago.

Yesterday all places of business were closed, and the day was generally observed as a holiday. There was a grand display of bonfires, but in town there were no bonfires. At the barracks the N.W. M.P. annual picnic attracted as usual a large crowd of spectators. Quite a number of our sports had a pleasant outing to Fort Qu'Appelle, where there was a capital programme of games. In polo, Regina won from Grenfell by three goals to two; and Mr. C. W. Peters of Regina won the bicycle race.

His Honor the Lieut. Governor, who is glad to learn, is recovering from his recent attack of sciatica.

The "Patrons" platform evidently does not inspire confidence in such matters, and gatherings. A picnic is to be held on the 6th inst. under the auspices of the Regina Company Association.

Premier Balfour is visiting in the Macleod District.

As a rule the government officers to-day your correspondents—much to his surprise in view of a rather well knowledge of eastern governmental house-keeping—could not find a solitary shred of "red tape," and, apparently, if it is a quarter of a century, "red tape" is only a tradition. The Minister of Public Works, Mr. McPherson, though immersed in work, and being at present the Minister responsible for the construction of the new railway, was very accessible, and as usual genial and affable. A short chat with the talented and obliging Minister, Mr. Kate Haynes, and a survey glance over the library, showed that the works of reference and useful fiction have been largely added to during the past year. Regiments are exceptionally fortunate in having access to such a valuable library; and it is regrettable that far more do not take advantage of such excellent opportunities of studying the lessons suggested.

"By dead men to their kind."

The meeting of the Regina Tart Club on the 12th, 13th and 14th instants is expected to be the most successful ever held here. The entries are well filled, and record, smashing is anticipated. Among the attractions, is a quarter mile foot race between Allen of Brandon, and Williamson of Regina, both speedy.

CAPITAL.

## Beharm Jottings.

BEHARM, July 5.—The oldest boy, whose is "Wandering Willie," we hope since the change he will not forget to give it to us yet, as we are all anxious to know who the prominent members of society are in our town.

The government drill has not met with the good success of late; it seems that Mr. O. B. Fysh, the water wizard, was more successful in the drill, in a quarter mile foot race between Allen of Brandon, and Williamson of Regina, both speedy.

Miss Broderick of St. Thomas, Ont., is spending the summer with her daughters, Mr. Johnston.

Rev. Mr. Jones took charge of the services here in the absence of the pastor, Rev. W. W. Abbott, while he was at conference.

The farmers here are beginning to put on long faces; owing to the drought the crops are looking rather poor. Among the sick, continues as favorable as in the beginning, some of them will brighten up.

Miss E. Green is spending her summer vacation at Buffalo Lake.

Mr. E. N. Hopkins has just finished remodeling his house.

Mr. F. Fowler has been added to his house.

Mr. F. W. Green has his new barn well under way and when completed he intends to be second to none in the district.

Northwestward the dry weather Beharm is a little "Mistaken" yet.

The ploughing bee at Mr. W. Robinson's last week was well attended, about 150 were present.

Our town was very quiet on Monday, July 2nd, owing to the picnic at Carleton Place, being the chief item of which quite a number availed themselves of the opportunity.

BEHARM QUARTERS.

## The Dam Report.

A public meeting was held on Thursday afternoon to receive the report of Messrs. Ross and Baker, delegates appointed by the Board of Trade and Town Council to lay before the Ottawa Council the report of the dam committee. Messrs. Ross and Baker were accompanied by Messrs. J. E. Bishop, J. Franks, J. Wallace, J. Gregory and R. H. Lowe. The report was received and read, and the thanks of the meeting tendered to Messrs. Ross and Baker. A vote of thanks was also tendered. Messrs. Ross and Baker were also thanked. As a general publicity was further reproduced in it.

## The Moose Jaw Times.

"And what is it, is it."—Byron.

FRIDAY, JULY 6, 1894.

## POWER OF THE PATRONS.

Despite their many slaughtered candidates, the standing they have gained in the Ontario Legislature by the late elections, marks a signal victory for the Patrons of Industry. In a house of 94 members the standing is:—Straight government supporters 48; straight opposition 23, Patrons 16, P. P. A. 2—45 against 46. This computation grants to Mr. Mowat Mr. Biggar of West Hastings, who was elected as an Independent Liberal. After electing a speaker, the government will have a lone majority of one to emphatically count upon. As the Montreal Star puts it, "this places the Patron wedge in a position of great power," and under the circumstances Patron economy should conspicuously prevail.

It is too early to assume, as some have been doing, that Mr. Mowat may rely on the Patrons upon all occasions to bolster up this majority of one. While doubtless upon many questions, the Government will get support from the Patrons, there are yet a few important matters regarding which the Government's policy and Patrons' principles are sharply divided. Else, why the fight between Patrons and Liberals in some twenty-five constituencies? And if Mr. Mowat would have his Government, he will be forced to concede some points to the Patrons, for on questions on which they may vote solidly the administration will not venture to risk its existence. The Patrons hold the balance of power.

In Manitoba and the North-West Territories during the past eight months the organization has shown much activity, and the result in Ontario cannot fail to spur it on to enlarged action through the strength of encouragement. When such a victory was gained in that Province where extreme party lines are drawn and emphasized by both press and people, may not a much greater triumph be achieved in this new land where the field is ripe for the movement, where men's minds have been made broader by enlarged views and objects, and where the galling lines of extreme partisanship have for many months been slowly but surely breaking?

In Moose Jaw District there have already been organized five local lodges of Patrons of Industry. Two more are to be formed within the course of a few days, after which a county association will be instituted.

In one particular are the Patrons to be commended if they never accomplish another beneficial object. This is for aiding in the establishment of a cash basis of business between farmer and merchant. An universal credit system has been the basis of a majority of towns and districts of Manitoba and the Territories, far surpassing in its pernicious effects the evils of exorbitant freight rates, exorbitant monopolies, a high tariff, exclusive wheat raising, and the twenty and one things against which so much has been written and spoken.

Interest in Ontario Senate, the amendment of President Carnot has been intensified on this side the water by the current rumor that Senate was present last October at the meeting of senators held in Chicago in the office of Honorable Justice (Louis) Bell's widow, secretary, who marched with Corby's army to Washington.

## A NEW HOLIDAY.

There is prospect of another legal holiday being added to the number which this country already enjoys. The bill making Labor Day a legal holiday has passed the House of Commons. The custom of setting aside a day which serves as a sort of special First of July for wage workers has become quite general. A large number of the states of the American Union already have statutes making the day a legal holiday. Even those who have no special sympathy with labor or the purpose of its organizations, have helped to make the holiday. It is good for employers as well as workers to let the factory stand idle for one day in the year and take a holiday away from the daily routine. The labor organizations celebrate the day by parades, picnics and oratory. They prize the holiday highly. In America people have grown in the habit of taking life with such a mad rush that we have allowed time for but few holidays. This is one of the few things in which we might copy from Europe with advantage. Between ecclesiastical festivals and those of a civic order, the inhabitants of some countries average about one holiday a week exclusive of Sunday. They don't believe in leaving the observance to the children either. Everybody conscientiously and carefully abstains from anything resembling work when there is a holiday in the calendar. Probably the North-West temperance would find such a large average of rest rather a bore. Still it would do most of us good to have holidays nearer together. One comes back to work with renewed rest after a day of rest. Our holidays will all have to be national. Otherwise the westerner competitive spirit would not allow one section of the body politic to recreate while the others worked, for fear that some rival would get ahead in the race for success or wealth. It is to be hoped that the time will come when we will all see the utility of more frequent holidays and not dedicate all of life to work in the hope of satisfying one ambition or another.

## EARLY CLOSING OF STORES.

Winnipeg is to try the experiment of the compulsory closing of retail stores at a fixed hour. The effect of the working of the by-law will be watched with interest. While there seems to be something harsh about compelling stores to be closed at a certain hour, it is certainly more harsh and unjust to compel clerks to work such an unreasonable long number of hours each day, as is customary in this country. Some may say that the clerks are not compelled to work these hours, as they can give up their jobs; but clerks have to earn their living, and though in theory they are not compelled to accept a position which necessitates their working twelve or fifteen hours per day, they are practically compelled by force of circumstances to fulfill the requirements of this unreasonable system of long hours. If the system of long hours is unreasonable and unjust to employees in stores, as all admit that it is, it seems justifiable for the state to interfere to correct the abuse. Really the first duty of the state is to provide for the welfare of its subjects, and those who are obliged to earn a living in any capacity as employees, have a right to the protection of the state from a system which is unjust to employees, and which is really an abuse of the power of the employer. The great majority of merchants, we believe, are in favor of early closing, but they have been forced into the long hour system by the law. If all close at the same time business will not be injured in any way, the distribution of custom will not be interfered with, and the general public will not be seriously inconvenienced.—Commercial.

## THE NEW FRENCH PRESIDENT.

The constitution of France knows no other office as that of vice-president. Upon the death or disability of the president the senate and chamber of deputies must immediately in joint session choose his successor, and during the interim the head of the cabinet is the acting president. President Carnot was assassinated Sunday and on Thursday Casimir-Perier was elected president. He had many able men to choose in the case for the high honor, among them Clemenceau, Loubet, Combes, Daguin, Briand, Combes and others. On the first ballot Casimir-

Perier received a clear majority of 17 in a total vote of 553 members of the 864 entitled to vote in the joint session. Casimir-Perier is a Republican of the Conservative type and has kept well out of the more arid party differences which have made the sessions of the chamber of deputies so turbulent. At the same time he has not been lacking in strong convictions or aggressive devotion to principle. Thus he has won the respect of his colleagues without becoming involved in their minor factional disputes. He is described as a man of sterling integrity, cautious, conservative and brave. And it will require a brave man to wear the mantle of Carnot. The successful attack upon the late President will arouse the anarchists to renewed activity, and the honorable position to which M. Casimir-Perier has been elected will certainly be a hazardous one.

## A FIRE BRIGADE—A BRASS BAND.

Our town possesses a chemical fire engine; its exchequer has also been levied upon for the construction of water tanks for fire protection purposes. If a fire occurred to-day, who would take the initiative in bringing to bear upon the destroying element our protective appliances?

A well-organized fire brigade is an institution which no town can afford to lack.

"A word to the wise is sufficient."

A complete set of brass band instruments are now lying unused in Moose Jaw. We are assured that the material for the organization of a first-class band is not wanting. In other towns a fire brigade and band formed conjointly have proved successful. The brigade duties add a definite responsibility to the association, and the nature of band duties induces regular and frequent meetings and practices.

We would suggest that the scheme of combining be given a trial.

## PROSPECTIVELY ONE-SIDED.

Our coten, The Chronicle of Virden and Moose Jaw, alias "The Transplant" (vide Medicine Hat News) contains an article in last week's issue, which commences in this wise:—

"After an absence of two years the publisher of this paper returns to Moose Jaw to make his permanent home."

Which is followed further down by this:

"Those who have stayed with us (Moose Jaw) through storm and sun shine must be the ones who will reap the reward."

Our contemporary apparently feels, in the very midst of glowing prospects, that its individual chances for reaping a harvest of rewards are below par.

Broom up, friend Chronicle! Keep a stiff upper-lip! There's a silver lining in many a cloud, and a better day may be in store for you!

Canada has 1,000,000 miles of unexplored territory.

Just so far as a man replaces country with party in the consideration of public affairs, does he become a bad Canadian.—Montreal Star.

In his own town of Hartford Mark Twain is said to be more noted for his shrewd bargains and his picturesque profanity than anything else.

At a meeting of the Anglican Synod of Toronto held last week a resolution was adopted, advising that all marriages be celebrated in churches, and only between baptized persons.

The sign of the cross was made by so many people yesterday (election day) that it is said the P.P.A. have ordered devotional exercises to counteract that evil ecclesiastical influence.—Globe.

The Dominion Government have notified an employee at Brandon that his services are to be dispensed with, whereupon The Mail urges that because he has been a faithful servant, and a strong supporter of the Government for many years, he should be superannuated. A false principle underlies the latter reason. Not the Government Government, nor yet the Liberal Government, pay superannuation allowances. The country as a whole is asked for them, and the fact that a man has supported a party is not good ground on which to claim superannuation.

The first number of the Prince Albert Advertiser was issued last week. Its supplements with local intelligence, and its typographical make-up is vastly superior to anything that has been heretofore issued from a Prince Albert press. Mr. C. H. Stovel, its manager and editor, is well-known in Moose Jaw, and his friends here wish him every success.

In these latter days when base-ball scores are growing larger and larger, the account of a game played in Hamilton the other day is refreshing. The match was between the Hamilton and Galt teams, and was in the schedule of the Canadian Western League. Twelve innings were played, and neither side scored. The game will be continued at a later date.

A piece of string makes a simple barometer. Take a piece of string eighteen inches long, saturate it in a strong solution of salt and water, let it dry, and then tie a light weight to one end and hang it up against a wall, and mark where the ball reaches to. The weight rises for wet weather and falls for fine. The string should be placed where the outside air can get freely at it.

Says the Free Press, speaking of "Government House" expenditures:— "The business of the legislature could, of course, be carried on equally well if the Lieutenant Governor opened the house in his shirt-sleeve, which in a summer session would be a much more comfortable costume than that usually worn, but much that looks useless is symbolical, and the people of Canada have not as yet expressed any desire to separate themselves from British traditions."

Grenfell now possesses a newspaper, The Sun, the first issue of which appeared last week. The Sun Publishing Co. are the publishers. Speaking for itself it says:—"Politically the Grenfell Sun will be strictly independent, with leanings towards neither party, and holding that there is a certain modicum of truth in Pope's definition that 'Party is the malice of many for the gain of a few,' will endeavour in such opportunities as may be presented to a small local paper, to advance the interests of the North-West irrespective of party."

## BUFFALO LAKE.

Now the Settlers of that Prosperous District Amuse Themselves

BUFFALO LAKE, June 30.—During a visit to Buffalo Lake your informant landed on the evening set aside for amusement, and judging from appearances the young people fully realize that "all work and no play makes Jack a dull boy." There is a base ball, foot ball and cricket club, or at least the young men all play the different games well and out of the aggregation they select a club for whichever match is desired. In base ball with Messrs. Robt. McCartney and Robt. Franks as battery the opportunities of fanning the air are numerous, and out of respect that the strikers no doubt have for the ball, they frequently retire by advice of the umpire. They are provided with all the accoutrements necessary for the different games and not only enjoy the once a week amusement but are seconded in their efforts by the presence of the older settlers who realize the necessity of making the neighborhood attractive and thus keep the boys at home. They have never had an opportunity of measuring their skill with outsiders in foot ball or cricket as yet. They however have challenged the Moose Jaw cricket club and are looking for a foot ball club to knock the chip off their shoulder. If they succeed in making a match on the outside they will prove quite formidable opponents.

## Spontaneous Combustion.

Mr. John Smith, in the employ of Mr. J. E. Annable, met with a rather peculiar and unfortunate accident while returning from Mr. Annable's farm last Friday. He had gone for a load of wood, and after loading had visited a short time at Mr. Royle's before starting for town. When leaving Royle's he threw his coat and other baggage on top of the load for a seat and started, the wind blowing strong in his face. While John was meditating on the prospect of rainfall and the outcome of the year's operations, he fancied he felt a hot wind and concluded that the coyness of fortune years had again appeared and that the last ray of hope had fled. Imagining his amazement when he discovered the load on which he was sitting was all ablaze behind him. Quickly as possible he cringed the team around and tried to tip the load off, but to no avail. As a last resort he pulled the double-breasted coat, which he had thrown on the load, and began to pull it off. The fire took hold of the coat and began to burn. The fire took hold of the coat and began to burn. The fire took hold of the coat and began to burn.

**Conductor Elliott Killed.**  
It is remarkable that when so many accidents and wrecks have occurred on the C. P. R. mountain routes during the past month that the only serious accident to life and limb should have been caused by a very trivial obstruction. A dead horse had occurred on the hill about three miles west of Ashcroft, causing the back of an iron train ditch to break and roll down upon the track. The coach was only a few feet deep and only a few feet high, but among it was a lumberer little larger than a man's head. Into this a work train backed. Conductor Elliott was severely injured; and several more, bruised and sprained and cut.

## The North-Western Line

Note the following from the World's Fair letter in the Minneapolis Spectator:—

"The committee which compiled statistical information relating to American railways were high in their praise of the manner in which the great roads prepared facilities in caring for the enormous traffic occasioned by the World's Fair and while all the Chicago, St. Paul and Minneapolis lines were commended in favorable terms, the North-Western Line was especially commended as being (Chicago, St. Paul and Minneapolis). This adds another laurel to those already gained by Minnesota, as the North-Western Line—C. P. R. M. & O. Railway—is one of the re-organized roads of the North Star State."

Our trains are equipped with Vestibuled Gas-lighted Buffet Sleepers and Free Reclining Chair Cars.

**Methodist Conference.**  
The Methodist Conference held in Winnipeg closed on Friday.  
At Thursday's session the vote on Rev. Dr. McLean's amendment providing for the extension of the limit of the pastoral term from three to five years, in event of a unanimous invitation from the quarterly board, was recorded, the result being fifty-seven votes in favor and fifty-eight against. The clause as thus amended was afterwards put, and, on a show of hands, was declared lost.  
No action was taken on a memorial that choir ladies be appointed by the quarterly boards.  
It was resolved to memorialize the general conference to provide for the presidents of ladies' aid societies, being members of the church, becoming members of the quarterly board.  
A recommendation was adopted that it be made obligatory on all ministers to dispense with alcoholic wine at the sacrament of the Lord's Supper.  
A recommendation from the Winnipeg district that a change in the marriage law be sought, to provide that only duly accredited ministers be allowed to perform the ceremony, was carried.  
It was recommended that the general conference make provision for alternate delegates to the annual conference.  
Mr. Fieldhouse presented the report of the committee on missions and the division of the conference into two conferences, the more westerly one to include the territory lying west of the province. Rev. W. Bridgman spoke in favor of the division of this conference; the western conference would have eight or nine members more than the British Columbia conference. Rev. G. W. Dean, of Calgary, opposed most heartily the division of the conference.  
Mr. J. A. Aikins also opposed. Revs. G. W. Dean and John McDougall said they had rather go to the British Columbia conference than divide this conference and disturb the superintendency of missions. An motion of Mr. Aikins it was resolved that no division should be made, but that the boundaries should remain the same.  
Mr. Fieldhouse read the report of the committee in reference to the superintendency of missions; it recommended memorializing the general conference to continue the office. This was carried after discussion by fifty-six against thirty votes.

The following was the result of the Stationing Committee's deliberations for Regina District:  
Regina—S. R. Brown, B.A.  
Moose Jaw—E. B. Stacey, B. A., secretary of conference.  
Saskatoon—H. L. Smith.

College—W. Hardman.  
Chairman—F. B. Stacey, B.A.  
Financial secretary—S. R. Brown, B. A.

**Lord's Day Observance.**  
At a meeting of the Anglican Synod held last week in Winnipeg, a resolution of observance of the Lord's Day was introduced by Mr. Maclellan. He strongly urged that it was the bounden duty of the clergy to use every endeavor to induce the people to observe the first day of the week as the Christian Sabbath by avoiding unnecessary work and pleasure-seeking; also expressing the opinion that Sunday railway trains, street cars, excursion steamers, etc., should be prohibited by the government.  
Rev. C. A. Sadler seconded the motion.  
Canon Pentreath supported the motion but objected to some expressions used; such as the term "Sabbath." As to railway trains, he had, after holding three services on Sunday, started at 11 o'clock at night to attend the general synod. There were some extremists like those who objected to Christ's healing the sick and the disciples plucking ears of corn on the Sabbath. The conditions of life in Winnipeg in the nineteenth century were different from those in Jerusalem in the first century. With electric lights, telephone, electric cars and all modern conveniences of civilization we must apply our judgment. We cannot lay down the same hard and fast rule that the Jews had and which we break every Sunday when we go over half a mile to church. In the United States many descendants of the Puritans, who were brought up under strict rules, were the very ones who had gone away from all Christian ties; and they came as a reason that the Lord's day had been made indifferent to them.  
Mr. Maclellan argued that it was very desirable that there should be a better observance of the day; and that Sunday trains should be stopped as far as possible. He observed, however, that no one was more desirous than General Maclellan of White, of minimizing Sunday railway traffic, and freight traffic was stopped as far as possible, but it was impossible to stop through trains.

Rev. C. R. Little said he had been guilty of travelling on Sunday in order to be present at this meeting of synod. He moved the omission of the words "Christian Sabbath" and the last part of the motion; this was accepted by the mover of the motion, which was then adopted to read:  
That the delegates of the Anglican synod of the diocese of Rupert's Land resolve that it is the bounden duty of the clergy and lay members of our church to use every endeavor to induce the people of Manitoba and the Northwest to observe the first day of the week with the utmost care and sincerity, avoiding unnecessary work, visiting, pleasure-seeking and everything of a frivolous nature; setting the day aside for the worship of Almighty God.  
The archbishop considered the condition of things in the United States as most lamentable. He thought the running of through trains might be in certain circumstances a work of necessity and mercy. It was impossible to stop through trains. The C.P.R. had a day of rest at its extremes, and tried to give a day of rest to its employees. If through trains were stopped people would be laid off at all sorts of places on Sunday.

**A Sure Cure.**  
The merchant was rather blue, and his wife, noticing it, asked what the matter was.  
"Matter enough," "I've been looking over my books and I find I've lost money every month for the last year."  
"How did you lose it?" she enquired.  
"Oh, I don't know," he said wearily, shaking his head.  
"Nor where?"  
"No."  
Then she thought a minute and remembered what she did when she lost her pocket book, and her face brightened.  
"Why don't you advertise for it?" she asked innocently.  
"By George," he exclaimed, "I never thought of that," and the next day he had a big display ad. in the paper, and the next, and the next, and in three months he was in clover up to his chin.

**"Och! No Sac Bad."**  
An old Highlander, rather fond of his glass, was ordered spirits by the doctor during a temporary ailment, not to exceed one ounce a day. The old man was a little dubious about the amount, and asked his boy, who was at school, how much an ounce was.  
"An ounce! 16 drams one ounce," "16 drams," exclaimed the delighted Highlander. "Och! I no sac bad, no sac bad, whatever, 16 drams! Rin and tell Tolan MacTavish and Big John to come down the night."

**Work of Return Men.**  
A return was laid on the table of the House of Commons on Friday, moved for some time ago by Martin in reference to "return men in emigration work." Deputy Minister of the Interior Burgess says in his memorandum that the general understanding with the return men of 1892-93 was that they should visit their relatives, neighbors and friends in the country from which they came, report their own success in Canada and try and induce them to come out and settle in Manitoba, British Columbia and the North-West. The return men were not required to make any statement of the result on their return; men of that year at least had a great opportunity of a pleasure trip home, being furnished with free transportation by the C.P.R. and steamship companies. The system for 1893-94 was decided on at a meeting in Montreal on November 11, 1893, at which the general passenger agent of the C.P.R. and agents of the Allan, Dominion, Hanna and Beaver lines were present. The memorandum adopted at the meeting declares that the system of "return men" had so far been found to work unsatisfactorily and although a large number of men went out they "did not produce any compensating effect on the flow of immigration." Under the system at that meeting adopted the land agent of the C.P.R. at Winnipeg was to choose the men. They received free rail and ocean transportation and \$30 from the Dominion Government to pay meals on board ship. Their passage back and amount of consideration paid them depended on the work they performed. Thus it would seem offering means of deportation to those who were unable to accomplish anything. The men were given \$34 in advance, and \$3 a head for each bona fide settler making a deposit of \$30 with the government to be repaid with a bonus of \$500 upon homestead entry being made. There were thirteen of these men in 1892-93 who received \$1,700, three of whom never returned. This year there were twenty-one of them, only seven of whom have so far earned any commission.

**Pharmaceutical Card in a Day.**—South American Nervine Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose usually brings relief. 75 cents each by W. W. Bole, Montreal.

## THE GREAT SOUTH AMERICAN NERVINE TONIC

AND  
**STOMACH AND LIVER CURE**  
The Wonderful HEALTH BUILDER & NERVE FOOD  
Chronic Diseases are caused by Deranged Nerve Centres at base of the Brain.

**LATE** discoveries have absolutely proven that the Stomach, Liver, Lungs, and indeed all internal organs, are controlled by the nerve centres at the base of the brain. The manufacturer of SOUTH AMERICAN NERVINE has studied this subject closely for more than twenty-five years, and has lately demonstrated that two-thirds of our Chronic Diseases, are due to the imperfect action of nerve centres, either within or at the base of the brain and not from a derangement of the organs themselves; hence that the ordinary methods of treatment are wrong.  
As all know, a serious injury to the spinal cord, will at once cause Paralysis of the body below the injured part, it therefore will be equally well understood, how the derangements of the nerve centres, will cause the derangement of the different organs of the body which they supply with Nerve Fluid or Nerve Force.  
The wonderful success of SOUTH AMERICAN NERVINE is due alone to the fact that it is based on the foregoing principle. The use of a single bottle of this remedy will convince the most incredulous. It is indeed, a veritable Nerve Food and Will Relieve in One Day the varied forms of Nervous Disease and Stomach Troubles.

**Nervous Diseases.**  
This class of diseases is rapidly increasing each year, on account of the great wear our mode of living and labor imposes upon the nervous system. Nine-tenths of all the ailments to which the human family is heir, are dependent upon nervous exhaustion, impaired digestion, and a deteriorated and impoverished condition of the blood. The SOUTH AMERICAN NERVINE is a great nerve food and nerve builder and this accounts for its marvellous power to cure the varied forms of nervous disease, such as Neuralgia, Nervousness, Nervous Prostration, St. Vitus's Dance, Nervous Choking, Nervous Paroxysms, Twitching of the Muscles, Hot Flashes, Mental Despondency, Forgetfulness, Sleeplessness, Restlessness, Nervousness of Females, Palpitation of the Heart, Sexual Weakness, etc., etc.

**A SURE CURE FOR ST. VITUS'S DANCE.**  
CRAWFORDVILLE, Indiana.  
My daughter, twelve years old, had been afflicted for several months with St. Vitus's Dance. She was reduced to a skeleton, could not walk, could not talk, could not swallow anything but milk; I had to handle her like an infant. Doctors and neighbors gave her up. I commenced giving her the SOUTH AMERICAN NERVINE Tonic, and the effects were very surprising. In three days she was rid of the nervousness, and rapidly improved. Four bottles cured her completely. I think the SOUTH AMERICAN NERVINE the grandest remedy ever discovered, and would recommend it to everyone.  
State of Indiana, Montgomery County, 117.  
Subscribed and sworn to before me this May 19, 1897.  
CHAS. M. TRAVIS, Notary Public.

**A WONDERFUL CURE FOR INDIGESTION AND DYSPEPSIA.**  
Loss of Appetite, Weight and Tenderness in the Stomach, Sour Stomach, Pain in the Stomach, Wind upon the Stomach, Nausea and Sick Stomach, Sick-Headache, Hiccough, Water-Brash, Heartburn, Vertigo and Dizziness, Sleeplessness, Frightful Dreams, etc.  
The Stomach suffers more than any of the other organs from disease, because into it are taken so many indigestible and irritating substances as articles of food. In its great effort to digest these, it soon becomes weakened and diseased. Under such circumstances, it is not wonderful that a many complain of Indigestion and weak stomachs. When the Stomach fails to digest and assimilate the food, the whole body falls into a state of weakness and decay. For Nature has decreed that the body must constantly receive nutriment through the Stomach, to repair the waste of tissue constantly going on in the system.  
It is probably the greatest remedy ever discovered for the cure of all Chronic Stomach troubles, because it acts through the nerve centres. It gives marked relief in one day, and very soon effects a permanent cure. The first bottle will convince anyone that a cure is certain.

**WHAT EX-MEMBER OF PARLIAMENT, REUBEN E. TRUAX, SAYS.**  
I have been for about ten years very much troubled with indigestion and dyspepsia, have tried a great many different kinds of patent medicines, and have been treated by a number of physicians and found no benefit from them. I was recommended to try SOUTH AMERICAN NERVINE. I obtained a bottle, and I must say I have found very great relief, and have since taken two more bottles, and now feel that I am entirely free from indigestion, and would strongly recommend all my fellow sufferers from the disease, to give SOUTH AMERICAN NERVINE an immediate trial.  
It will cure you.  
July 16th, 1895.  
(My signature) *Reuben E. Truax*  
Walserton, Ontario.

**In Bed Six Years**  
Price, One Dollar  
HARTFORD CITY, Hartford, Conn., June 8, '93.  
South American Nervine Company.  
GENTLEMEN: I received a letter from you May 27, stating that you had heard of my wonderful recovery from a spell of sickness of six years duration, through the use of SOUTH AMERICAN NERVINE, and asking for my testimonial. I will gladly state how I was afflicted and how I was delivered from my pain and suffering. I was near thirty-five years old, when I took down with nervous prostration. Our family physician treated me, but without benefiting me in the least. My nervous system seemed to be entirely shattered, and I constantly had very severe shaking spells. In addition to this I would have vomiting spells, and there would be from eighteen to twenty days at a time that I could not retain anything on my stomach. Many consultations were held by physicians over my case, but they all agreed that I would never leave my bed. During the years I lay sick, my father had an eminent physician from Dayton, Ohio, and two from Columbus, Ohio, to come and examine me. They all said I could not live. I got to having spells like spasms, and would lie cold and stiff for a time after each. At last I lost the use of my body—could not rise from my bed or walk a step, and had to be lifted like a child; all the time suffering intense pain, and taking almost every known medicine. Part of the time I could read a little, and one day saw an advertisement of your medicine and concluded to try one bottle. By the time I had taken one and one-half bottles I could rise up and take a step or two by being helped, and after I had taken five bottles in all I felt well. The shaking went away gradually, and I could eat and sleep good, and my friends could I scarcely believe it was I. I am now this medicine in the box in the world. It was a god-send to me, and I believe it saved my life. I give my name and address, so that if anyone doubts my statement they can write me, or our postmaster or any citizen, as all are acquainted with my case. I am now forty-one years of age, and expect to live as long as the Lord has use for me and do all the good I can in helping the suffering.  
Will a remedy which can effect such a marvellous cure as the above, cure you?  
A MINISTER OF THE GOSPEL SPEAKS.  
PETERBORO, Ontario, June 27, 1893.  
To the Proprietors of South American Nervine.  
DEAR SIR,—I have much pleasure in recommending the great SOUTH AMERICAN NERVINE to all who are afflicted as I have been, with nervous prostration and indigestion. I found very great relief from the very first bottle, which was strongly recommended to me by my daughter. I also induced my wife to use it, who, I must say, was completely run down and was suffering very much from general debility. She found great relief from SOUTH AMERICAN NERVINE, and also cheerfully recommends it to her fellow sufferers.  
(My signature) *Rev. W. S. Barker*

**Sick Headache.**  
Is dependent on deranged nerve centres and indigestion. Hence its cure must come through building up the Nervous System and curing the Stomach. SOUTH AMERICAN NERVINE will absolutely cure this dreaded malady and prevent its return.

#### BUSINESS NOTICE.

THE TIMES with last issue commenced under new management. The connection of the former proprietor with the business was severed on Saturday, 23rd June. The severance was so affected that his successor incurs no liabilities on account of old business, nor do any accounts fall to him to collect. The state is perfectly clear.

Sample copies of THE TIMES are being sent to every part of the Moose Jaw District. Subscribers are wanted, and as a means to secure them the paper will be placed in the hands of every newspaper reader in the town and contiguous country. A liberal commission will be allowed to agents.

A live correspondent is wanted in every settlement to keep THE TIMES readers informed of affairs and happenings therein. Write or call for instructions and supplies.

#### The Moose Jaw Times.

FRIDAY, JULY 6, 1894.

#### LOCAL AND GENERAL NEWS.

Conductor Barnham is, we are sorry to say, laid up with a severe attack of grippe.

Mr. John Carty, of Buffalo Lake, is recovering from a severe attack of illness and is again able to be around.

C.E.R. Yardmaster Dawson, formerly of the Brandon yard, arrived this week to take charge of the yard at this point.

Rev. Mr. Abbott, late of Pasqua, preached in the Methodist church on Sunday last. Mr. Abbott has been appointed to the Wascana field.

Mail Clerk T.W. Scott left Thursday morning on his well earned three weeks vacation which he will spend among the mountains in British Columbia.

Miss Katie Beach, daughter of Boatmaster Beach, was a passenger on Tuesday's east bound express en route to Rat Portage, where she will spend two months visiting friends.

Rev. Mr. Jeffrey, who was in charge of the Presbyterian pulpit here for the past month, left for his home at Banff on Monday morning's train. Rev. Mr. Morrison, of Buffalo Lake, will occupy the pulpit for the ensuing month.

Conductor Geo. Vogan, formerly of this town, but more recently of Great Falls, Montana, was hurt while coupling cars at that point last week. His many friends here will be glad to learn that he is only hurt and not killed, as was reported last week.

At a meeting of the School Board held last evening, Miss Burnett and Miss Laycock were reappointed as teachers. Miss Laycock's present engagement extends to the end of 1894. The selection of a principal will be considered next week. There are 32 applicants for the position.

The dining hall register for this week—H. Wilson, F. B. Ness, Jas. Dowler, Winnipeg; J. H. Fleming, Maple Creek; R. Pennington, Wood Mountain; J. G. MacDonald, Calgary; Geo. J. Jackson, Brandon; M. G. Farrow, Calgary; T. H. White, C.P.R., Montreal; W. H. McCracken, Moosemin; E. Lindsay Elwood, Oxbow; J. H. Glass, London; E. H. Taffa, E. L. Thomas, J. D. Brooks, Winnipeg; J. D. Black, Toronto; E. B. Wilkins, Calgary; P. F. Siz, Regina; E. H. McCulloch, Calgary; H. G. Quibbe, Prince Albert.

Supt. Milestone returned from Winnipeg on Saturday. Lieutenant Governor Mackintosh's health is on the mend.

Rev. Mr. Stacey returned from Winnipeg on Tuesday morning. Mr. Campbell, teacher at the Beasley settlement, went to Regina on Tuesday night.

Miss Dickie of the local school staff has gone to her home at Souris, Man., to spend vacation.

Misses Burnett and Laycock are the only members of the Moose Jaw teaching staff remaining in town.

DENTISTRY.—Owing to the first Monday of July being a holiday, W. D. Cowan, dentist, will postpone his regular visit until the second Monday and Tuesday, July 9 and 10, when he may be consulted at the dining hall.

Mr. J. E. Annable, organizer of the Patrons of Industry for the Moose Jaw District, organized a lodge of Patrons at Buffalo Lake on the 29th inst. The new lodge starts out with a membership of thirteen.

The engine at the creamery attempted a somersault one day this week. This unlooked-for exhibition of friskiness caused a stoppage of machinery for a short time. A solid stone foundation is now being built under the steam apparatus.

The following are the candidates writing at the teachers' examinations now being held in Moose Jaw:—Second Class—Nora Stevenson. Third Class—Margaret Latham, Ella Scott, Allie Tilden. For High School certificate—Warren McBride, Louisa Hannah, George Porter, Fred Wilson.

The C.P.R. are putting in a new connection of four-inch pipe from the power house to the water tank, a distance of about four hundred yards. The piping is laid from nine to twelve feet below the surface, and the company by this work is furnishing employment for a considerable number of men.

Staff-Sergeant Macnamara, Sergeant Pennefather, Sergeant Vickers and Const. Smyth, N.W.M.P., came in from Wood Mountain on Tuesday. Sergeant Vickers and Staff-Sergeant Macnamara proceeded to Regina, the latter having been relieved by Dr. Bell. Sergeant Major Pennefather came in to meet Mr. Pennefather, who is expected to arrive from the east to day.

Mr. T. E. Birbeck, C.P.R. agent at Regina, came up on Tuesday, and was present at the funeral on Wednesday of the late Mr. Hammond. Mr. Birbeck and Mr. Hammond were close friends, and had worked together in Mr. Milestone's office until the removal of the former to Regina. On Wednesday afternoon Mr. Birbeck and the Rev. Mr. Brown drove down to Regina.

Mr. J. Dillabough is in town on business. He comes from the extreme southern part of the district and reports the crop at a standstill for rain. This part of the settlement has been favored with showers throughout the season, but the amount of moisture has not been sufficient to sustain the crop and unless a regular "soaker" comes to their rescue within a short time the labor of 1894 will yield a poor return.

Somebody worked of a gigantic hoax on the citizens of Moosemin on the night of the Ontario elections. In the midst of the expectancy as to the result of the Ontario elections a telegram (it was circulated) announcing that the Mowat government was defeated by a large majority, that Meredith himself was knocked out by 1,400 majority, and that there had been a riot between Catholics and B.P.A.'s in Toronto, and fourteen men were killed. In the absence of other news the report found many believers.

Mr. W. J. Nelson of Moose Jaw, visited Estevan last week, having been retained as counsel for Neil Gow, postmaster at Coalfields, who was tried before Major Phillips, J. P., on an accusation of having illegally abstracted a registered letter from a mail pouch. Messrs. Guillem and Elwood appeared for the prosecution. The case was keenly contested; it was a royal battle of legal wit. In the strong chain of evidence welded against the accused, our noted solicitor succeeded in breaking a link, and through the opening thus effected he triumphantly released his client from the law's cruel clutches.

Mr. D. J. Goggin passed through to Regina on Wednesday evening from Edmonton, where he has been conducting teachers' institutes. He had been absent from the capital since May 27th, having since that date covered territory from Carleton Place in the south-east to Macleod in the south-west and Edmonton in the north-west. To Tax Commissioner the superintendent of education stated that Mr. Goggin has created a most favorable impression in the west. There has been an encouraging influx of new settlers this season to the district traversed by the C. & E. Railway. Mr. Goggin was informed by the government agent, Mr. R. L. Alexander, that the actual number exceeded 3630; and when that worthy gentleman was asked what discount it would be proper to make on the statement, he emphatically produced a book in which was recorded each and every one of the thirty-six hundred and thirty odd names.

Premier Harkin has been visiting Macleod. See Dr. Siz's change of announcement this week.

Mr. W. W. Bole arrived home from Winnipeg on Sunday morning.

Mr. T. H. White, C.P.R. civil engineer, spent Monday, July 2nd, in Moose Jaw.

For that matter, all first boy babies are princes, and princesses of wealth as a general thing, too.—Ex.

The C.P.R. are erecting a frame station at Qu'Appelle to replace the one burned down a few months ago.

Mr. Cunliffe, wife of Conductor Cunliffe, of Medicine Hat, passed through the Jaw on Wednesday night.

Mrs. Vance, who was here a few days of a visit, returned to her home at Moose Jaw on Thursday last.—Qu'Appelle Progress.

The death occurred on Friday last of J. G. Warring, at the age of 39 years. On Saturday at four o'clock the remains were interred.

Miss Lillie Fenton, of Swift Current, niece of Mr. Octavius Swift, of this town, is spending some days in Moose Jaw this week.

Dr. Siz, of Regina, visiting town on Saturday last. In the future the doctor will pay us two visits in each month—on the 15th and 30th.

Mr. A. Hitchcock this week wears the gold button won at the weekly shoot last Friday evening of the Moose Jaw Gun Club. His score was seven out of ten.

On account of the death of Mr. Hammond on Monday, the garden party that had been announced for the evening of Dominion Day at Mr. Robinson's residence was postponed.

On Friday, 28th June, Rance Williams was committed at Edmonton by the presiding magistrate to stand trial for the murder of George Steve at the next sitting of the supreme court, which will probably be in October.

The Brandon base ball club have organized with the following officers:—President, W. A. Macdonald; vice-president, E. Hughes; secretary, E. Sylvester; captain, P. Parcell; executive committee, Jas. Cunningham, Jas. McCartney and W. Fleming.

This week's TIMES is being read in every household within twenty-five miles of the town of Moose Jaw. Next week's TIMES will be read even more eagerly by the same people. This is the merchants' opportunity to advertise. An advertisement in THE TIMES is likely to return dollars for cents expended.

Mr. Frank B. Ness, Ashdown's hardware representative, was in Moose Jaw on Wednesday. Though Mr. Ness within the past two months went through the ordeal of a wedding ceremony, and did a seventy mile walk through water two deep, he is still very much within the ring, and not one whit rattled.

The Pullman lockout has resulted in what promises to be the hugest labor strike on record. Every line leading from Chicago is now tied up. The strike has reached Winnipeg, where the N.P.R. men have gone out. The C.P.R., which owns its sleepers, is not affected, and its "Soo" passenger traffic from St. Paul is being benefited.

On Sunday night C.P.R. Grory arrested at Regina one J. W. Smith, brakeman, at the instance of J. G. Chalmers, on a charge of obtaining goods under false pretences. Smith was brought to Moose Jaw, and on Wednesday was tried before Seymour Green and J. E. Annable, J. P.'s. Mr. Nelson defended. The magistrates disagreed and Smith was discharged.

The marriage of Mr. Hayter Reed to Mrs. Governor P. Lowry, of New York, is announced. Mrs. Reed is a daughter of the late Judge Armour, of Coburg, and the wedding ends a romantic story seventeen years old that anyone knowing the practical, even somewhat prosaic deputy of the Superintendent General of Indian Affairs, will find it hard to realize.—Calgary Herald.

Mr. A. W. Ponton, D.L.S. of Regina, came down from the west on Saturday. He has been superintending the establishment of a system of irrigation on the Blackfoot Indian reservation which is calculated by the Government to enormously enhance the value of the lands comprised in that reserve. The Government is also building first-class saw-mills on some of the reserves in the west.

Mr. Andy Blair, of Regina, the genial Territorial dry brues agent, went through from Calgary to Regina on Saturday night. He had been in Calgary about six weeks and in that time had collected and shipped upwards of twenty cars of buffalo bones. Mr. Blair will now commence operating on the "Roo" line where he bought large quantities last year. He expects to ship over fifty cars from that territory.

Monday—On Thursday, July 5th, the wife of Mr. Donald Macdonald, Aberdeen, N.S., died.

### SATISFACTION AND MONEY SAVING.

Our great aim is to handle the best class of goods and be able to give our customers SATISFACTION, and as to money saving a look through our prices will soon convince you that good money can be saved by dealing with us.

We are showing this week some big values in Boots and Shoes. In our large range of men's, boys' and children's clothing we can assure you that no one can touch us in prices. Our Men's Furnishings stock is complete. We have still left a big range in men's, boys' and children's felt and straw hats which we are clearing out at a big reduction. Highest prices paid for eggs.

#### Regina Lacrosse Team Perturbed.

The Regina lacrosse club was under engagement to play a game in Moose Jaw on the 2nd inst. On that date their players failed to appear, but, instead, a letter was received by the Moose Jaw secretary, an extract of which is herewith published:

"Our boys were not pleased at the derogatory remarks made by some of your team after the match on Saturday last, and upon reading the scurrilous report in THE MOOSE JAW TIMES this morning, which we trust is not the feeling of the whole of your team regarding us, but which evidently has the sanction of some of you, we have utterly failed to get a team together. Now, we are willing to play you in your town next Saturday or any other date that can be agreed upon, if the statements referred to are contradicted by a letter from you to us which we can publish, as we feel they were entirely uncalled for. We have no desire to play lacrosse with your team if such a feeling exists."

For a closer study of the "scurrility" referred to, the strongest passages of article in question are reproduced:

"The lacrosse enthusiasts of Regina did not make any very profuse exhibition of their friendship. Arriving at the depot our boys were received by the hotel porters only. It was with surprise discovered that nearly half the Regina team was composed of N.W.M.P. players, members of an entirely distinct organization. Notwithstanding the manifest unfairness thus displayed, our boys made no protest. After the match, as before it, our boys were left to their own devices as far as the Regina players were concerned."

Scurrilous, is it? Then we misapprehend the meaning of the term!

A single statement in the article requires correction, and for that misstatement humble apology is made. Two members of the Regina club were at the depot to meet our players. Certain of our boys were not acquainted with those two, were not made aware of them, and returned home unaware that they had been so received. From these gentlemen THE TIMES got the mistaken information. The balance of the article needs no defence. That the Moose Jaw lacrosse team was treated coolly and even shabbily, was a fact noticed and even commented upon by many Regina citizens.

The writer is on terms of intimate personal acquaintance with every member of the Regina club. They are all gentlemen on the lacrosse field and elsewhere. That their neglect was intentional is not probable; it must be ascribed to oversight. The majority of them before the match, and after it were busily engaged in their stores and offices "making up" for the three hours "off" in the afternoon. But our boys felt the slight, and although they hold no grudge on account of it, the position taken by the Regina club in its letter is an unfortunate one. If the latter come to Moose Jaw we can promise them a genuine welcome. If they persist in their refusal to come, the result will be a perpetuation of ill-feeling to no purpose.

#### WOOD MOUNTAIN.

#### The Mountaineers Celebrated Dominion Day With Much Sport.

On Monday the people of Wood Mountain gathered together to mark a birthday of our Dominion by an extensive programme of races and sports. Lots of people attended from Willow Beach and other settlements, and a large number of cowboys from over the border were present. Weather was fine and everything passed off pleasantly. The following is a list of prize winners:

Horse racing, 1 mile pony race—1 Buckskin Dick, 2 Roach-Town (Haggar), 1 mile horse race—1 Laforaine's Bob, 2 Laforaine's Bell. 1 mile pony race—1 Becas' Buckskin Dick, 2 Ogo's Brownie. 600 yds dash, horse—1 Laforaine's Bob, 2 Ogo's Brownie. 1 mile race, 1 mile—1 Laforaine's Bob, 2 Ogo's Brownie.

#### THE ORCHARD PARLOR.

The Orchard Parlor, which is the best and most comfortable in the city, is in connection with the hotel. First class furnished rooms to rent. Call on Mr. Macdonald, Aberdeen Hotel.

3-legged race—1 Sgt. DeRosier and Const. Ormand, 2 Const. Pinkerton and Schall.

Consolation race—1 M. Lange, 2 Const. Quicksilver.

Tug of war, Police vs. Citizens—1 Police.

#### Observations by a "Pioneer" Mayed.

Mr. Editor.—If you can get anyone to start the race as quickly as the Chronicle started in Moose Jaw, cut him loose and he will be the means of getting more dollars into the town than a Government newspaper will. Alex., you will have to come home or stop telling the Moose Jaw boys the truth; they cannot stand it. A McKewen lost a fine colt from the famous Judy; inflammatory rheumatism was the cause. Never mind, the pony and cart are all right. A few of the patrons of the creamery here are digging a fine reservoir in Thunder creek and planking it so the cattle can have the best of water and not get tramping in it; it will be a great improvement to the old digouts. That is not much of a broncho bust or; he got thrown off while bringing the cows home, and he hardly knew his own name during the rest of the evening.

A big time is expected at Daxin Lake on the 12th. All kinds of games will be carried on in the ground.

#### SWIFT CURRENT.

SWIFT CURRENT, July 2.—Dominion Day was celebrated here on Saturday last. Half breed horse racing was only attraction, which passed off quietly.

Union Sunday School picnic on Wednesday. Baseball, lawn tennis and foot racing. Committee are working hard to make it a success.

Mr. A. Fenton and Jas. Shouldice took in the sports at Medicine Hat on Monday. Mr. Fenton won several first prizes in the bicycle races. Bud is making a good record for himself and intends to compete against the famous J. G. Pope at the Regina races.

C. A. C. & Co. are busy shearing their band of twenty two thousand sheep, averaging about fifteen hundred a day.

Miss Katie Fenton is visiting friends in Moose Jaw.

Mr. Jas. Robinson, litter, C.P.R. shops, leaves for Winnipeg in a few days. It is rumored that Jim will not return alone.

#### Servant Girl Wanted.

WANTED at once, a servant girl. Apply to S. J. McDIARMID, Moose Jaw.

#### NOTICE.

I am requested to call a meeting of the stock owners of the district to be held in the Town Hall, Moose Jaw, on Sunday July 15th at 2 o'clock, p.m., for the purpose of organizing a Stock Association.

J. E. ANNABLE.

Moose Jaw, July 4, 1894.
